

S. No.	Name	Title	Time	Hall
1	Dr. Roneeta Nandi	Evaluation of Pregabalin for Postoperative Analgesia after Laparoscopic Cholecystectomy	8:30 - 10:00 am	Hall E
2	Dr. Dinesh Goswami	Audit of Insight in Cancer Pain management	8:30 - 10:00 am	Hall E
3	Dr. Naga Sunitha	Evaluation of single epidural bolus dose of Magnesium sulphate as an adjuvant to fentanyl for post operative analgesia in orthopaedic hip surgeries	8:30 - 10:00 am	Hall E
4	Dr. Jitendra C.	Comparison of dexmedetomidine with ropivacaine to ropivacaine alone in supraclavicular brachial plexus block	8:30 - 10:00 am	Hall E
5	Dr. Raktim Guha	EFFECT OF TRANSFORAMINAL EPIDURAL BLOCK FOR RELIEF OF CHRONIC LOW BACK PAIN WITH RADICULOPATHY OF MULTIPLE ETIOLOGIES	8:30 - 10:00 am	Hall E
6	Dr. Anuradha Patel	Effect of three different doses of epidural buprenorphine on ambulation and analgesia in patients undergoing lower abdominal surgery	8:30 - 10:00 am	Hall E
7	Dr. Md. Babrak Mannar	A study to compare the analgesic efficacy of intra-articular ropivacaine, fentanyl and dexmedetomidine following arthroscopic knee surgery	8:30 - 10:00 am	Hall E
8	Dr. Laxman Kr senapati	A comparative study of facilitatory effects of intrathecal dexmedetomidine vs intravenous dexmedetomidine on the characteristics of hyperbaric bupivacaine spinal anesthesia	8:30 - 10:00 am	Hall E
9	Dr. Rashna Prasad	Epidural clonidine as adjuvant in CSE for patients undergoing gynaecological surgeries- A clinical study	8:30 - 10:00 am	Hall E
